Some gold vaults are in Swisssyland, some in Columbia and London, some in Tropics...

Act of 1871 was the Disct of London/Columbia >> USA a Corporation in ALL CAPS...

1666 Act (Cestui Que Vie) our old Monarchies , The Star and Garter , Lodges , etc...

That is why you get born here , go to school , have a birth at a birthing center etc...

In Prussia they had a term for it also , Now we have a Shadow Gov and Honeypotted Housing people live in a combination with all computers shipped here are backdoor-ed by the NSA a total Corporate Theocracy as defined by locking BIOS as Legacy/UEFI...

The Zionists shut down American Tech for Low Density Faulty Chips , Russia even works better at 486 as tested , there are even ones on layers that have no heat that existed back in the 80's, they do not want us cutting their Profit Margins... DHS MSM?

The older computers had High Density Chips , Israel ruined our density... Commodore?

They had an entire schematic , would not bleed out your keys on the AM band etc...

People will get a Lemote or an OLPC to get away from it Richard Stallman also shows..

Sheeple such as Hillary or Reagan or Bush or Obama fit in with Nazis and Zionists Period... They kill anyone who wrong thinks or has a problem Sensory Processing/Neurological/Blind/Deaf/Depressed/other... Old Churches did that too...

Taxation in combination with Usuary as a Money System makes a FIAT system flow...

All these TIs have handlers , get in the Psych System , treat their candida and ugliness with Citrus/Ozone/Probiotics such as Colostrum , fasting and distilled H2O, etc, Brighteon is a YouTube Alternative, so is Bitchute and

Minds and DTube , People use P2P/alt-tech/torrents on GNU/Linux to ditch ICANN... They use Remote Viewing to see us in real time Period... Would rather avoid Linux/Mac/Android/Chrome or Crap OS for a 50 Meg Kernel such as the One I am using now, they hack Linux with bash and systemd, I only have "./".. Richard Stallman explains Libre Friendly Tech and uses no Social Media, banks offline, has no debt (college c**ts have debt), T400s IBM... Most of the Gangstalkers use tons and tons of credit somehow and get vouches.... They love their spyware crap Phone that has NSAKEY and FBI Lock if they wrongthink...

I avoid their backdoored NSAKEY kernels for reasons then use an IBM T400 with Modified Slitaz Linux a 50 Meg kernel running SCALAR static (shows up on AM band)...

What I noticed no bash just ./ and no compilers that the skids would use as well...

I don't use sunglasses because it filters natural sunlight, sun cures cancer period...

People have distilled water fasted and the ketosis/autophagy cured in 10 or so days...

The corporate media are anti Citrus/Alkaline/Baking Soda/Cannabis/Lemons Period...

You see a commercial for an NSAKEY Crapple , but not a Real non-gmo Apple...

People are so flat headed they think it all costs money, no , growing food is what people did during the Great depression, the usuary system of the Federal Reserve and HSBC, Chase, Goldman Sachs, Bank of America, World Bank, IMF, Fedwire etc...

It is monopoly money aka currency because the Gold Vaults are closed period...

The Goys are there for us to serve and suffer and be lied to period....

Free Energy is right there , A saline Battery , An Earth Battery , A Lake , a Pool ...

All banks and Governments use Sigils (no-8-bin-set) , One-Time-Pads , Linux/ Another-Nix , RODOS... This was the main reference for MKULTRA/CIA/Mossad which did 911 for the KST WL and Patriot Act: MONARCH: The New Phoenix Program by marshall thomas | Sep 26, 200 , Kyle Odom has a PDF, Miac Strategic Report has a KST List in PDF... Distilled water cures 50 PPM makes you ill , you lower it to about 20 and it is workable... Filtering Blue Light or , just go outside , just as Lee Cam who insulted Fox News said... Most stalkers are those Kali Linux script kiddies, Systemd (backdoor), I run this OS to stop them it has bash disabled for ./ and I play static to sop the Lilly/ SCALAR wave : Archive*org >> Secular OS also on Github*com There is the collective Hive Mind (the masses) with their cognitive dissonance, they are all brainwashed by some hive mind from a Corporate/Governmental/Amway-Like Religious Cult source... Citricare and Imusist are anti-candida agents , so is simple fasting for 20 days on H2O.. A TDS 3 PPM Meter will tell you if your water is crap, 4 or 5 is what distillers often do... Fluoride makes aluminum

soluble and links up with dementia and Autism... They (The Zionist Mossad) did 911 to destroy USS Liberties..
